

JOURNAL OF RADIATION HYGIENE Vol. 1 № 1, 2008

PROCEEDING OF THE X ALL-RUSSIA HYGIENISTS
AND SANITARY OFFICERS CONGRESS*Onischenko G.G.***Results and prospects of sanitary and epidemiological well-being ensuring for the population of Russian Federation.****Report for the X All-Russia Hygienists and Sanitary Officers Congress 4**

RESEARCH ARTICLES

*Shubik V.M.***Immunological Research in Radiation Hygiene 21***Stamat I.P., Lisachenko E.P.***Effective specific activity of natural radionuclides for the norm belonged to ²³⁸U and ²³²Th series being in the state of disturbed radioactive equilibrium 27***Kaduka M., Shutov V., Bruk G., Balonov M.***Role of soil and climate characteristics in the formation of radioactive contamination of mushrooms 32**SANITARY AND EPIDEMIOLOGICAL
SURVEILLANCE*Potrakhov N.N., Griaznov A.Ju., Barkovsky A.N.***Possibilities of decreasing of patient exposure doses from X-ray diagnostic examinations with the use of microfocuss methods 36***Gorbanev S.A., Eremina L.A., Kurganov N.N.***The Main Trends of Interaction between the Administration of Rospotrebnadzor in the Leningrad Region and the Government of Leningrad Region in the field of population radiation protection 41**

REVIEWS

*Romanovich I.K., Repin V.S.***On new recommendations of the International Commission on Radiological Protection (ICRP). Part 1: Radiation safety basis 47***Dovguschka V.B.***Radio-ecological securing of the ships nuclear-technological service on ship repairing factories in the North-Western region of Russia 53***Ivanov S.I., Akopova N.A., Baranov A.V., Ermolina E.P.***Radiation hygiene: interaction of science and practice 60***Ponomareva T.V., Kalnitsky S.A., Vishnjakova N.M.***Medical exposure and strategy of its prophylaxis 63**

CHRONICLE

Radiation environment and radiation-hygienic passport system in Russian Federation 69**Analysis of the radiation accidents in the year 2007 and prevention measures 72****Seminars on radiation-hygienic passport system, public doses control and accounting 74****NORMATIVE AND METHODOLOGICAL DOCUMENTATION 77**

JOURNAL OF RADIATION HYGIENE Vol. 1 № 2, 2008

RESEARCH ARTICLES

*Panov A.V., Muzalevskaya A.A., Alexakhin R.M., Prudnikov P.V., Vlasenko E.V.***On safe plant and fodder production on ¹³⁷Cs contaminated soils 4***Ramzaev V.P., Travnikova I.G., Basalaeva L.N., Bruk G.Ya., Golikov V.Yu., Mishin A.S., Brown J.E., Strand P.***On influence of the underground nuclear explosions "Crystal" and "Kraton-3" on radiological situation in the nearest settlements 14***Prokof'ev O.N.***Zoning of the territories of radioactive trace 20***Ramzaev V.P., Barkovsky A.N., Mishin A.S., Vorobiev B.F., Andersson K.G.***Implementation of mechanical decontamination for reduction of external exposure at the territory of the Bryansk Region 23***Kordaleva T.M., Nuralov V.N., Bronstein I.A.***Primarily morbidity of recovery workers of Chernobyl Accident 28**SANITARY AND EPIDEMIOLOGICAL
SURVEILLANCE*Kenigsberg J.E.***Hygienic standards for Cs-137 and Sr-90 in the foodstuffs: experience of Belarus after the Chernobyl accident 32***Rakitin I.A., Gorsky G.A.***Radiation environment, organization and providing of population radiation protection control in St. Petersburg 36**

REVIEWS

*Shubik V.M.***Radiation Immunology of Extreme North Population (Review of Publications) 47***Repin V.S., Romanovich I.K., Vishnyakova N.M.***On new ICRP recommendations Part 2: Application of the recommendations 54**TRAINING OF SPECIALISTS IN RADIATION
HYGIENE*Baltrukova T.B.***On experts in radiating hygiene training 61**

CHRONICLE

International scientific-practical Conference 65**Terms of Preparation of Radiation Hygiene's Passport of Russia in the year 2008 68****Press Release of Federal Service for Surveillance on Consumer Rights Protection and Human Well-being 70****NORMATIVE AND METHODOLOGICAL DOCUMENTATION 72**

JOURNAL OF RADIATION HYGIENE Vol. 1 № 3, 2008

RESEARCH ARTICLES

Arkhangelskaya G.V., Zykova I.A.

Optimization of information work on radiation hygiene issues with population of radioactive contaminated territories 4

Balonov M.I., Bruk G.Ya., Zvonova I.A., Shutov V.N., Bratilova A.A.

Methodology of internal dose reconstruction for the Russian population after the Chernobyl accident 12

Vishnyakova N.M., Romanovich I.K., Ivanova L.A., Kalnitsky S.A.

Analysis of technical and human resources provisions for operation of radioisotope diagnostic departments in Saint-Petersburg 20

Shutov V.N., Kaduka M.V., Bruk G.Ya., Basjukin A.B., Basalaeva L.N.

Dynamics of radioactive contamination of agricultural food products and natural foodstuffs after the Chernobyl accident 25

Lisachenko E.P., Stamat I.P., Matveeva I.G.

Radiation-hygienic evaluation of modern ceramic industry 31

Shvydko N.S., Ershov E.B.

Chernobyl accident and Bryansk region population dose levels from plutonium isotopes 36

SANITARY AND EPIDEMIOLOGICAL SURVEILLANCE

Gorskiy G.A., Stamat I.P.

On estimation of the efficient of preventive control under population radiation protection providing in the case of exposure from natural ionizing irradiation sources 41

Morozov V.G., Ismagilov R.K., Mousin A.M.

The comparative analysis of the population medical exposure in Russian Federation and Tatarstan Republic for the period 2002–2006 45

REVIEWS

Varfolomeeva K.V.

Peculiarities of radioactive contamination of the forest ecosystem after the Chernobyl Accident 49

BRIEF REPORTS

Prokof'ev O.N.

The method of estimation of acceptable discharge of radionuclides into flowing reservoir 55

CHRONICLE

On the activities of Inter-Regional Centers in the field of population radiation protection 58

On the strengthening of the supervision under indexes of the water radiation safety 60

On the state of control of population radiation protection from natural ionizing irradiation sources 61
